

COMPRESSOR TECHNOLOGY TRAINING

TRAINING INFORMATION FOR GENERAL RECIPROCATING COMPRESSOR

Training Location: Winterthur, Switzerland or Customer Site or Online

Training is essential for the safe operation and maintenance of compressors. In order to minimize downtime and maximize profit, these complicated machines need the attention of competent, professionally trained people.

Burckhardt's Education Campus offers you training in our modern well, equipped training center or at your site. Our professional trainers with many years of field service experience will travel to your site to teach your staff the theory of compressor function. (Hands-on training is only available in Winterthur, Switzerland).

Burckhardt Compressor Technology Training prepares your staff in every aspect of compressor handling; Compression theory, preventive maintenance, reliable operation, maximizing mechanical availability and maintenance planning are just some of the key topics covered that will enhance your compressors life cycle.
